

SPRING CREEK RANCH

RISING STARS OF WYOMING

Celebrating Spring's Awakenings

Available May 14th through June 14th, 2021

Celebrating Spring's Awakenings

Come join the exclusive Spring Creek Ranch Resident Naturalist Team to experience spring's "Rising Stars." Spring in the Greater Yellowstone Ecosystem is one of the most underrated seasons. During this serene time our most popular mammals are calving, birds are migrating, large cutthroat trout are coming to the surface, and bears are emerging from their seasonal slumber. The cool overnight temperatures in the spring support clear vibrant stars for splendid astronomy displays.

SPRING CREEK RANCH

SAMPLE ITINERARY

Day 1

Welcome to Spring Creek Ranch, Jackson's premier rustic western elegant resort!

Day 2

Wake up to a delicious breakfast! Our Resident Naturalist will pick you up at your room at 8:00am for a full day of wildlife viewing and Grand Teton National Park exploration. With our high end optical equipment our Naturalists will help you spot the abundance of wildlife that call Jackson Hole home. Baby animals are starting to pop up all over the valley in the spring! Lunch, snacks, beverages, and gratuity are all included.

Day 3

After a leisurely breakfast, you will meet our Naturalist at their cabin at 10:00am and start out on a 2 mile nature hike. Enjoy stunning views and spectacular wildflowers. The hike is easy walking and takes about 1.5 to 2 hours. Your guide will bring binoculars and field guides as you learn about the plants and animals that inhabit the wildlife sanctuary on which Spring Creek Ranch is located.

This evening meet at the Ranch House once again at 9:00pm to meet with Astronomer Samuel Singer for an hour under the stars. Spring Creek Ranch's location above the lights of Jackson is an ideal place for stargazing and learning a few of the spring constellations.

Day 4

Enjoy breakfast before your departure, we hope to see you again here at
